This List Cancels All Previous Price Quotations

= = = = = = = = = =

SELECTED MATURE PLANTS

Cattleyas and Allied Genera

Species: Mossiae, Trianae, Gaskelliana, Gigas, Percivaliana	\$5.00 to \$10.00
C. Princess Royal alba x Self White and cream with dark lip. Some pale yellow. Summer and early Fall.	\$5.00 to \$10.00
Lc. Aphrodite Free flowering light dusty lavender with rich dark throat to white with dark throat. Early Spring and early Fall.	\$7.50 to \$10.00
C. Merle Umstead Full range of color from white with colored lip to dark lavender. Good producer and blooms over very long season.	\$7.50 to \$15.00
C. Bowringiana Fall blooming cluster type. Profuse bloomer.	\$7.50 to \$15.00
C. Miss Kemp Cluster type, larger and better substance than Bowringiana. Responds to light and frequently blooms twice a year for us.	\$7.50 to \$15.00
C. Eleanor alba Large white with rich colored lip. May and June.	\$10.00 to \$20.00
Lc. G. S. Ball Clusters of yellow to orange blooms in April and May. A bright spot in any flower house.	\$10.00 to \$20.00
C. Enid One of our favorites for ease of culture and productivity. Light to medium dark. Usually flowers for us twice a year.	\$12.50 to \$25.00
C. Mount Royal Pink-lavender to dark. Similar to Enid but possibly better.	\$15.00 to \$35.00
C. Mem. W. A. Way All white Spring bloomer. Good producer.	\$25.00
Bc. Lucy E. Cilliam One of the heaviest flowers we have. Good shape, almost pink. Fall and Winter.	\$25.00
Blc. Dorothy Jones Wonderful keeping qualities and good size. All white, white with purple, and a few tinted lavender.	\$25.00 to \$35.00
Bc. Alex Hawkes Similar to its parent, Bc. Cliftonii, but darker in many instances and with better keeping qualities. Winter.	\$35.00
Bc. Cliftonii, Magnifica, F.C.C. R.H.S. Fine large light lavender, darker lip. Winter blooming.	\$40.00
Bc. Warnham Beauty, A.M., R.H.S. Large rich rosy lavender, with magenta lip. Early winter.	\$50.00

-We have a number of other varieties too numerous to list-

- Inquiries invited -

CAROLINA ORCHIDS, INC. - 1957 Orchid Price List - Page 2.

<u>Cypripedium</u> (Lady Slipper Type) Strong flowering size plants	\$7.50
Harrissianum - Brown and green	
St. Albans - Mahogany red	
Leeanum - Yellow green	
<u>Calanthe</u> (Average two bulbs per plant)	\$2.00 (per bulb)
Winter blooming, long lasting sprays. Flower as plants lose foliage.	
William Murray - pink and white	
Oculata - white with red eye	
Baron Schroeder - variegated - late blooming	
<u>Phalaenopsis</u> (Moth Orchids)	
Long lasting white - predominantly winter. Frequently send secondary flower spike when old spike is cut above third joint on spike.	
# 447 Elizabethae \$2.50 to \$3.50	
# 462 Jane Kingsbury \$3.50 to \$4.50	
# 623 Polaire \$5.00 to \$7.50	
Venusta x Cast Iron Monarch \$2.50	
<u>Seedlings</u>	
Y 1 Lc. Redskin x Self - Very dark 1 3/4" pot - \$1.25	
Y 3 Lc. Carolina Wren - Assorted colors. Our most famous cross. 1 3/4" pot - \$1.25 2 1/2" pot - \$2.50	
Y 8 C. Warneri XXXX x Self 1 3/4" pot - \$1.25	
Y 9 C. Forbesii - Miniature - yellow green. 2 1/2" pot - \$2.75	
A 43 Lc. Charlesworthii x Lc. Autumn Yellow - Small flowers. Red on yellow. 3 1/2" pot - \$8.00	
A 46 Lc. George MacDonell x Lc. Charlesworthii - Cluster type. Dark on red. 2 1/2" pot - \$6.00 3 1/2" pot - \$8.00	
W 727 Lc. Mildred Bona - Medium to dark. Spring blooming. 2 1/2" pot - \$2.50 3 1/2" pot - \$5.00	
W 737 C. Remy Cholet x C. Clotho - Medium lavender. Chiefly Spring blooming. 2 1/2" pot - \$2.50 3 1/2" pot - \$5.00

W 826 C. Hardyana x Lc. Massasoit - Two very dark parents. Early Summer. 2 1/2" pot - \$2.50	
W 836 C. guttata, Leopoldii x Self - Rare species. Greenish with dark red spots. Summer. 1 3/4" pot - \$1.50 2 1/2" pot - \$3.00	

CAROLINA ORCHIDS, INC. - 1957 Orchid Price List - Page 3.

Seedlings (Continued)

W 838 C. Mount Royal x (Lc. Cuesta x Lc. Hilary) - Two fine, dark hybrids.
Variable season.
1 3/4" pot - \$1.50 2 1/2" pot - \$3.00

W 827 C. Kreszentia x C. Cameo - All white - Kreszentia small star shaped.
Spring.
1 3/4" pot - \$1.25 2 1/2" pot - \$2.50

Y 15 Epidendrum difforme (green) x O'Brienianum (red) - Strictly a gamble!
1 1/2" pot - \$1.00

Y 16 D.phal. Dixons strain - Very dark spray type. Lasts usually a couple of
months. Fall and Winter.
2 1/2" pot - \$2.50

A 40 (D.phal. delicata, My Favorite x D.phal.) x D. Biggibum - Pink and laven-
der spray. Fall
and Winter.
2 1/2" pot - \$5.00

A 41) D.phal. My Favorite x delicata, yellow label - mostly dark
A 42) 2 1/2" pot - \$5.00 3" pot - \$7.50

-One group unflowered seedlings in sheath, variety
of crosses for different seasons - our selection -

SIX PLANTS - \$27.50

Collections (Ideal for the beginner)

Three mature plants	\$18.00
Six plants (Window Sill Collection) (includes three mature cattleyas, two spray types, one seedling.)	\$25.00
Twelve plants (one to flower each month) (includes nine mature plants, three unflowered seedlings - variety of types.)	\$48.00

FOR QUOTATIONS IN LOTS OF 50-100, 100-250, 250-500,
SEE OUR 1957 INVENTORY SALE PRICE LIST!

CONDITIONS OF SALE

1. Orders will be filled in rotation. In some instances we may be sold out of a given listing and ask that you designate a second choice or give us permission to substitute plants of equal or better quality.
2. Shipments will be sent via Railway Express COLLECT unless otherwise requested by customer. We advise Air Express for great distances.
3. Claims for damaged shipments should be filed IMMEDIATELY with carrier. We pack very carefully, but should the plants be damaged in shipping, the consignee should make his own claims.
4. Please enclose check, money order or bank draft with your order.
5. NON-WARRANTY: We, Carolina Orchids, Inc., give no warranty, expressed or implied, as to productivity of the plants we sell and will not be responsible for the crop after the plants leave our range. We guarantee true representation of plants as described, but in all cases, our liability is limited to purchase price of plants.

THEORY OF POLITICAL IDEAS

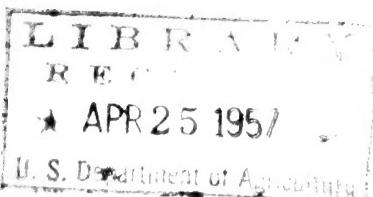

Theory of political ideas is a branch of political science that studies the development of political thought over time. It is concerned with the analysis of political ideas, their origins, evolution, and influence on political institutions and processes. The theory of political ideas is based on the assumption that political ideas are not static but rather dynamic, constantly changing and evolving in response to social, economic, and political factors. The study of political ideas helps to understand the historical development of political systems and the relationship between political ideas and political reality. The theory of political ideas is also used to analyze the impact of political ideas on international relations and global politics.

THEORY OF POLITICAL IDEAS

Political ideas are the fundamental principles and beliefs that guide political action and decision-making.

Political ideas are the fundamental principles and beliefs that guide political action and decision-making.

IVORY ARCHID BARK

What it does . . .

More and more amateur orchid growers are switching to bark, the perfect potting medium. Professional orchid growers have long known the value of fir bark, and now Ivory Orchid Bark is available in bags.

How to use . . . Pot orchids directly into IVORY ORCHID BARK. As simple as potting ordinary plants.

IVORY ORCHID BARK is available in a choice of textures — fine, standard, and coarse.

1. Faster rate of growth.
2. Better root condition.
3. Will not break down - longer life.
4. Saves labor - two to four times faster replanting.
5. Retains moisture - good drainage allows aeration of roots.
6. Easier and cleaner to use.
7. Accepted and used by many of America's leading Orchid growers.
8. Amateur Fanciers are realizing the value of Fir Bark.
9. Ask professional orchid growers about Fir Bark.
10. This material is light in weight and easy to handle.
11. Makes potting a pleasure.
12. Growers in increasing numbers are switching to IVORY ORCHID BARK.

CAROLINA ORCHIDS, INC.

Box 177

Southern Pines, N. C.

We are happy to announce that we have been appointed North and South Carolina distributors of Ivory Orchid Bark.

This new potting media is priced at \$5.75 per bag, each bag weighing approximately fifty pounds.

Shipments will be made by bus, rail or freight, collect, depending upon the most practical and inexpensive method of transportation.

INSTRUCTIONS FOR THE CARE OF
FLOWERING ORCHID PLANTS

Cattleyas (corsage type) will require a thorough soaking of the pot approximately every five to seven days, and NOT more often.

Phalaenopsis and Cypripediums (spray and Lady Slipper types) will require water approximately every other day. This holds true of all orchid plants which do not have bulbs.

For best results and keeping qualities, flowering orchid plants should be placed on damp pebbles. Water level must not reach the bottom of the pot. They should be kept away from direct sunlight and should never be placed on a radiator.

All orchid plants should do well under normal home temperatures, but will last longer under slightly cooler conditions, preferably 60° to 70° during the day and 50° to 60° at night.

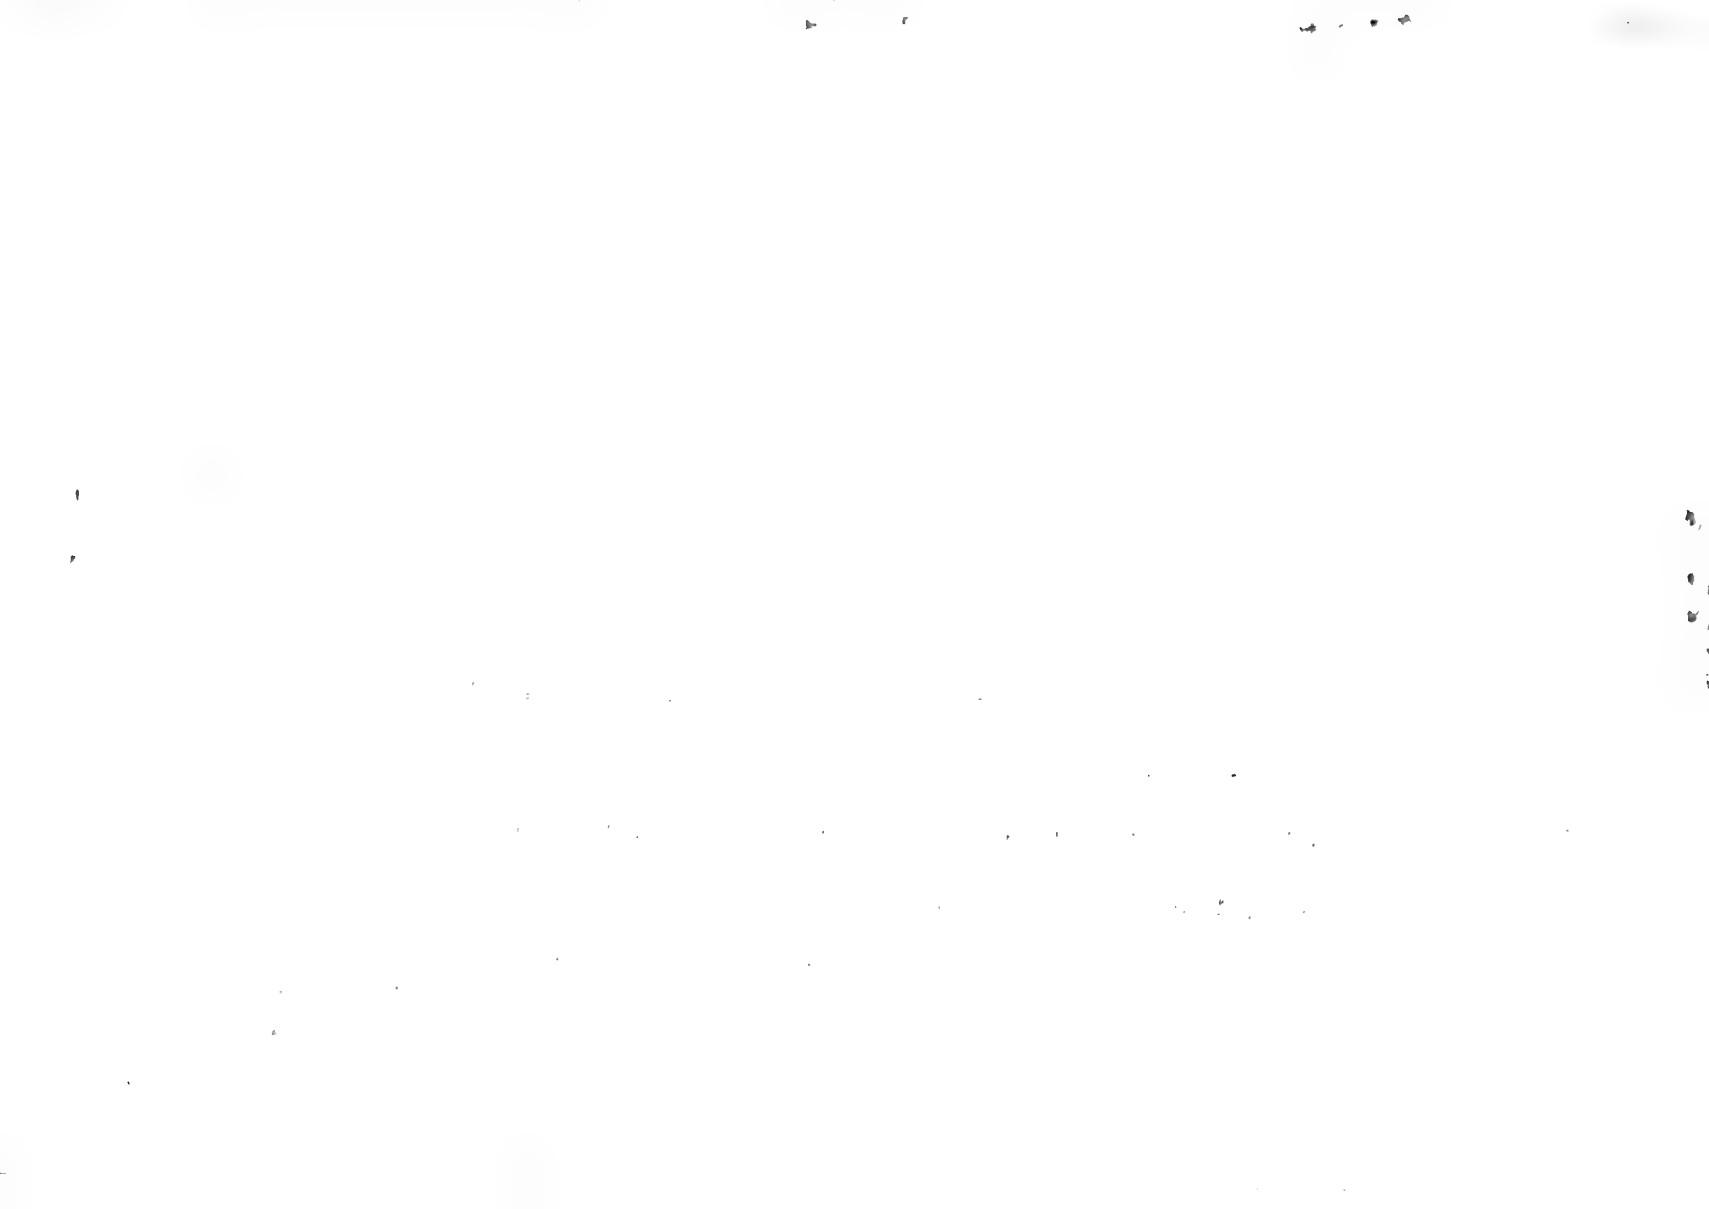

CAROLINA ORCHIDS, INC.
Hazel and Karl Bridges
Southern Pines, North Carolina

Cultural requirements for orchid plants potted in FIR BARK vary to some extent from those potted in osmunda. These plants should never be allowed to dry out entirely. They will tolerate, and probably require, daily waterings.

As soon as new roots have reached approximately two inches, regular feeding should be started. During Fall and Winter months, we recommend feeding once a month with any standard, well balanced fertilizer. During Spring and Summer months, when more light is available and the plants are in more active growth, they should be fed twice a month.

Cypripedium (continued)					
	Leeanum	Yellow-Green	Small	Variable	\$4.00 ea.

CONDITIONS OF SALE

1. Orders will be filled in rotation. In some instances we may be sold out of a given listing and ask that you designate a second choice or give us permission to substitute plants of equal or better quality.
2. All plants shipped out of pot. Shipments will be sent via Railway Express COLLECT unless otherwise requested by customer. We advise Air Express for great distances.
3. Claims for damaged shipments should be filed IMMEDIATELY with carrier. We pack very carefully, but should the plants be damaged in shipping, the consignee should make his own claims.
4. Please enclose check, money order or bank draft with your order.
5. NON-WARRANTY: We, Carolina Orchids, Inc., give no warranty, expressed or implied, as to productivity of the plants we sell and will not be responsible for the crop after the plants leave our range. We guarantee true representation of plants as described, but in all cases, our liability is limited to purchase price of plants.
